

beamRx Telemedicine of Things: **Always On. Always Connected.**

Market Ready Solution – Telemedicine with embedded IoT
+ Vital Alerts + Analytics

- Telemedicine integrated with IoT Medical Sensors managed by AI on Edge Computing.
- Always On. Always Connected. → offers a reliable service avoiding issues with mobile apps and Bluetooth connectivity.
- Overlays Telemedicine video with sub-second Medical Sensors for an enhanced virtual visit.
- Consolidates multiple services into one while overlaying real-time telemedicine and biometric sensors.
- Integrates with doctors' office/hospital and care-workers for planning and scheduling appointments with Patients' Analytics.
