

Tech Data Propel and
SYNNEX Partner Plus are now

PROPEL+

Intel® Partner Alliance connects you to world- changing technologies, an expanding partner network and a digital marketplace. Advanced training curriculum and competencies, incentives, tools and a sophisticated web experience give partners the edge in building and selling the most innovative solutions and services.

Propel+ is an exclusive TD SYNEX value-add program that compliments the Intel® Partner Alliance to ensure you get the most from your Intel relationship.

Propel+ delivers an insightful, solutions-based approach to Intel technology and program benefits, while providing custom service and support to help you and your team propel your expertise, sales, and competitive advantage. Profit through Intel's Points benefits, learn the advantages of membership and partner roles, earn training credits, redeem vouchers and receive premium support from your TD SYNEX Intel Team - partnerplus@TDSYNEX.com

➤ Participation in Intel® Partner Alliance is required. Not a partner? Not a problem! Join at <https://www.techdata.com/lp/intel/partner-alliance>

➤ Contact our Partner Support team at PartnerPlus@TDSYNEX to register for the Propel+ Program

➤ Visit points.intel.com/earn-points to view your future earning opportunities

Propel+ Enhancements

Dedicated support from our team of highly-trained industry experts to help you maximize all IPA benefits

Recommended training courses based on your business practice and sales goals to help achieve subject matter expert status and maximize tiered training credits

Assistance in turning your Points into TD SYNEX voucher dollars for new Intel purchases

Guidance provided on your assigned Partner Role and the requirements for maintaining eligibility

Access to Point account balance, assistance with Point redemption, updates on Point promotions, exclusive Point and training credits

Exclusive, quarterly promotions to help you build breadth, drive sales, and recognize success

Intel® Partner Alliance connects you to world-changing technologies, an expanding partner network and a digital marketplace. Advanced training curriculum and competencies, incentives, tools and support as well as a sophisticated web experience give partners the edge in building and selling the most innovative solutions and services.

Intel has waived all member-tier training and revenue requirements through 12/31/2022. Now you can earn points faster and redeem them without eligibility restrictions!
